

# SUMMER INTERNSHIP DIARY

8-Week Training Log

## Student Profile

|                        |                           |                     |                  |
|------------------------|---------------------------|---------------------|------------------|
| <b>Name of Student</b> | Piyush Bhati              | <b>USN/Reg. No.</b> | 25070243026      |
| <b>Email Id</b>        | piyushbhati9413@gmail.com | <b>Project ID.</b>  | RVU-CY-SI-26- 33 |

|                      |                                                                   |
|----------------------|-------------------------------------------------------------------|
| <b>Project Title</b> | Federated Learning-Based Network Traffic Anomaly Detection System |
|----------------------|-------------------------------------------------------------------|

|                                                   |                                         |                  |     |
|---------------------------------------------------|-----------------------------------------|------------------|-----|
| <b>Course Details<br/>(BTech/BE/M.Tech/MSc..)</b> | MSc Data Science & Spatial<br>Analytics | <b>Semester:</b> | 3rd |
|---------------------------------------------------|-----------------------------------------|------------------|-----|

|                         |                                              |
|-------------------------|----------------------------------------------|
| <b>Institution Name</b> | Symbiosis Institute of Geoinformatics , Pune |
|-------------------------|----------------------------------------------|

|                      |                      |
|----------------------|----------------------|
| <b>Name of Guide</b> | Evlin Vidyut Latha P |
|----------------------|----------------------|

|                        |            |
|------------------------|------------|
| <b>Contact Details</b> | 8005586740 |
|------------------------|------------|

|                           |             |               |           |              |
|---------------------------|-------------|---------------|-----------|--------------|
| <b>Period of Training</b> | <b>From</b> | 1st June 2026 | <b>To</b> | 31 July 2026 |
|---------------------------|-------------|---------------|-----------|--------------|
